

Exty and Hydro's Activity Book

Let's have
FUN with
Fire Safety

United States Fire Administration

Meet Exty and Hydro

Welcome to the USFA's Activity Book where fire safety and FUN starts. U-S-F-A stands for the United States Fire Administration. Our job is to help prevent fires. We want everyone to be safe from fire, including you!

So turn the page, Junior Fire Marshals,
and we'll get started.

Dear Parents and Educators:

Parents and educators play a vital role in teaching children fire safety and reducing the risk of child-set fires.

This activity book provides children with valuable learning tools about fire safety and prevention. To reinforce the lessons in the book, we encourage you to lead a discussion about fire safety and prevention for children using the following information and fire safety tips:

Fire Prevention

- Help your parents place smoke alarms on every floor of your home.
- Never play with matches, lighters or candles.
- Be very careful around fireplaces, heaters and electrical appliances.
- If you find matches or lighters, tell a grownup.
- Always ask an adult to help you cook.
- Know two ways out of every room.
- Help to plan and practice a family escape plan.
- Post emergency numbers near the phone.

May be reproduced.

In Case of Fire

- Don't hide in closets or under the bed.
- Stay low and go – even if that means crawling out.
- Don't be afraid of firefighters.
- Once you're outside, don't go back in.
- Meet your family in the place where you planned.

For more information on children and fire safety, fire prevention and protecting your home, please visit us at www.usfa.fema.gov including our new children's site at **www.usfa.fema.gov/kids**

The United States Fire Administration thanks you for bringing *Exty and Hydro's Activity Book* to the children in your life.

Matches - Lighter - Heater - Electrical Outlet - Fireplace - Grill - Radiator - Candles - Iron

3

Cross out the 9 items listed above that you should never play with or touch.

Four Steps to Fire Safety

In case of fire, here are four easy steps to fire safety.
These four pictures show the best way to escape.

If you hear a smoke alarm in your home...

1) Get out quickly and stay out.

2) If there's smoke, stay low to the ground when you exit.

3) Meet your family members at a preplanned safe spot.

4) Call 911 or the emergency number from a neighbor's place.

The Fire Safety Order Game

Put these fire safety steps in the right order with numbers 1 to 4.

5

In case of smoke, Stay Low and Go to the nearest exit.

Find Two Ways Out

It's good to know
how to escape a fire.
Can you find two ways
out of every room in
your home?

6

Make the Right Call

Fill in the correct information, then put this page near a phone in your home.

Post your local
Fire & Rescue
number on or
near your
telephone, along
with your
address and
phone number.

Show your
friends where
this information
can be found.

In case of fire or
an emergency, call:

Fire & Rescue

Phone: _____

My address and
phone number is:

Address: _____

Phone: _____

Coloring Page

NEVER
cook or bake
without an
adult helping you.

8

Connect the Dots

Never hide from firefighters.

Don't be
afraid of
firefighters.

In case
of fire,
they can
help you
escape.

Escape Maze

As a
Junior Fire
Marshal, you
can make sure
your family
plans and
practices an
escape plan.

10

Help the boy
escape through
the maze on
this page.

Unscramble the Words

Here are some scrambled fire safety words.
Unscramble the words and write them on the blank lines.

oskme laram

tyxE

acwlr

fase

yast owl

peacse

secrue

fixes

tryetab

irfegfihrt

Check your answers on the last page.

Draw an Escape Plan

In the large space, draw an escape plan for your house or apartment. Then draw arrows to show how to get out. Show your plan to a parent so you can practice it with your family.

Don't forget doors and windows.

12

In the small space, draw your room. Then draw arrows to show two ways out.

Coloring Page

Remind adults to keep matches, lighters and candles out of a child's reach.

Never touch matches,
lighters or candles. If you find
them, tell an adult.

low

loud

dangerous

two

neighbor's

1. Find at least _____ ways to get out of every room.
2. Stay _____ to the ground when escaping during a fire.
3. Help your family place _____ in your home.
4. Smoke alarms make a very _____ beep to warn you of a fire.
5. Fire is _____.
6. During a fire, always remember to feel a _____ before opening it.
7. After you meet your family outside, call 9-1-1 or the emergency number from a _____ place.
8. An _____ plan can save your family.

*Check your answers on the last page.

Important Things to Remember

Fires can be loud, burn very fast, and smoke can make a room very dark.
That's why good escape plans help you get out quickly.

Here's how to help your family with an escape plan.

18

1. Try to find at least two ways out from every room in your home.
2. Every way needs to be planned and practiced with grownups.
3. Remember to stay low and go.
4. Before opening a door in a fire, feel it first. If it's hot, there may be fire on the other side. Do not open the door. Try to get out another way.
5. Pick an easy-to-remember, safe place outside to meet your family after you get out.
6. Call 9-1-1 or the emergency number from a neighbor's place.
7. Stay outside no matter what. Don't go back in for anything!
